Quentin T. Moore, PhD, MPH, R.T.(R)(T)(QM)

Dr. Moore is an Assistant Professor of Medical Imaging and Director of Imaging Sciences at Mercy College of Ohio. He holds professional credentials in Radiography (R), Radiation Therapy (T), and Quality Management (QM) from the American Registry of Radiologic Technologists (ARRT). He has a Master of Public Health degree from Bowling Green State University & the University of Toledo, and a PhD in Health Science from Northern Illinois University.

His primary research interests include radiation safety culture, radiation dose reduction in pediatric radiography, interdisciplinary collaboration and team science, and imaging appropriateness topics. Dr. Moore has provided leadership to several professional organizations including the American Society of Radiologic Technologists’ (ASRT), American Association of Physicians in Medicine (AAPM), American College of Radiology (ACR), and the Association of Educators in Imaging and Radiologic Sciences (AEIRS).
