Dr. Melissa Pergola, R.T.(R)(M), FASRT
Executive Vice President, Governance and Public Policy
American Society of Radiologic Technologists

Dr. Melissa Pergola, R.T.(R)(M), FASRT is currently the ASRT’s EVP of Governance and Public Policy and brings more than 30 years of experience as a radiologic technologist, hospital administrator and an educator working in hospital, corporate and university settings. She has spent the past six years at Siemens Healthineers driving its people and leadership initiatives in both its business and human resources divisions. Before her career at Siemens, she was a clinical assistant professor at the UNC-Chapel Hill School of Medicine. She earned a doctorate in health professions education and a master of science degree from North Carolina State University and a bachelor’s degree in radiologic science from UNC-Chapel Hill. Melissa is recognized nationally and internationally as a leadership development expert.
